# INDEPENDENT AUDITOR'S REPORT To the Members of HAPPYMATE FOODS LIMITED

#### **Report on the Audit of the Financial Statements**

#### Opinion

We have audited the accompanying financial statements of **HAPPYMATE FOODS LIMITED** ("the Company"), which comprise the Balance Sheet as at 31<sup>st</sup> March, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31<sup>st</sup> March, 2024, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

#### **Material Uncertainty Related to Going Concern**

We draw your attention to the financial statements which indicates that the Current Liability exceeds its Total Assets as at 31<sup>st</sup> March 2024 and as of that date the Company's net worth has been eroded. These conditions indicate the existence of material uncertainty on the Company's ability to continue as a going concern. However, the Financial Statements of the Company have been prepared on a going concern basis based on the reason stated in the Note 32 to the financial statements.

Our opinion is not modified in respect of this matter.

#### Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's Annual Report, but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

#### **Responsibilities of Management for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with [the Companies (Indian Accounting Standards) Rules, 2015, as amended]. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the financial statements, including the disclosures and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Report on Other Legal and Regulatory Requirements**

- 1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 2. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2(i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rule, 2014;
  - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account
  - (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
  - (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act;
  - (f) The modifications relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(b) above on reporting under Section 143(3)(b) of the Act and paragraph 2(i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014;
  - (g) With respect to the adequacy of the internal financial controls with respect to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" to this report;
  - (h) In our opinion, the managerial remuneration for the year ended March 31, 2024 has been paid/provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;

.....contd.

- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company does not have any pending litigations which would impact its financial position.
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
  - iv. (a) The management has represented to us that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries;
    - (b) The management has represented, to us that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person(s) or entities, including foreign entities ("Funding Parties"), with the understanding whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries, and
    - (c) Based on our audit procedures conducted that are considered reasonable and appropriate in the circumstances, nothing has come to our attention that caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under paragraph (2)(h)(iv)(a) & (b) above, contain any material misstatement.
  - v. The Company has not declared or paid any dividend during the year.
  - vi. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31,2024.

# Annexure A referred to in paragraph 1 of our report of even date on the other legal and regulatory requirements (HAPPYMATE FOODS LIMITED)

- i. a. (A)The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant & equipment.
  - (B)The Company has not capitalized any intangible assets in the books of the Company and accordingly, the requirement to report on clause 3(i)(a)(B) of the Order is not applicable to the Company.
  - b. All property, plant and equipment were physically verified by the management in the previous year in accordance with a planned programme of verifying them once in three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
  - c. According to the information and explanations given by the management, there are no immovable properties, included in property, plant and equipment of the company and accordingly, the requirements under paragraph 3(i)(c) of the Order are not applicable to the Company.
  - d. The Company has not revalued its Property, Plant and Equipment (including Right of use assets) or intangible assets during the year ended March 31, 2024
  - e. According to the information and explanation given to us, there are no proceeding initiated or pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder.
- ii. a. The management has conducted physical verification of inventories, except stock in transit and inventories lying with third parties, during the year at reasonable interval. In our opinion, the coverage and procedure of such verification by the management is appropriate. No discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such physical verification.
  - b. According to the information and explanation given to us, the company has not been sanctioned working capital limits in excess of five crore rupees, during any point of time of the year, in aggregate, from banks or financial institutions on the basis of security of current assets. Accordingly, Clause 3(ii)(b) of the Order is not applicable.
- iii. According to the information and explanation given to us, and on the basis of our examination of the records of the company, the Company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Accordingly, the requirement to report on clause 3(iii)(a) to (f) of the Order is not applicable to the Company.
- iv. According to the information and explanation given to us, and on the basis of our examination of the records of the company, the Company has no transaction with respect to loan, investment; guarantee and security covered under section 185 and 186 of the Companies Act, 2013. Accordingly, the requirement to report on clause 3(iv) of the Order is not applicable to the Company.
- v. According to the information and explanation given to us, and on the basis of our examination of the records of the company, the Company has not accepted any deposit within the meaning of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 or the rules framed there under with regard to deposits accepted from the public during the year. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.
- vi. According to the information and explanation given to us, and on the basis of our examination of the records of the company, the maintenance of cost records has not been prescribed by the Central Government under the section 148(1) of the Act read with companies (Cost Records and Audit) Rules, 2014, as amended for the goods/ product manufactured by the Company. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.

# Singhi & Co.

# **Chartered Accountants**

- vii. a. On the basis of our examination of the records of the company, the Company is generally regular in depositing undisputed statutory dues including Goods and Service tax, provident fund, income-tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, with the appropriate authorities. There were no undisputed outstanding statutory dues as at the yearend for a period of more than six months from the date they became payable.
  - b. On the basis of our examination of the records of the company, there are no dues for goods and services tax, provident fund, employees' state insurance, income tax, sales-tax, service tax, customs duty, excise duty, value added tax, cess, and other statutory dues which have not been deposited on account of any dispute.
- viii. According to the information and explanations given to us, the Company has not surrendered or disclosed any transaction, previously unrecorded in the books of accounts, in the tax assessment under the Income Tax Act 1961, as income during the year. Accordingly, the requirement to report on clause 3(viii) of the order is not applicable to the Company.
- ix. a. According to the information and explanation given to us, and on the basis of examination of records of the company, the Company did not have any outstanding loans or borrowings or interest thereon due to any lender during the year. Accordingly, the requirement to report on clause ix(a) of the Order is not applicable to the Company.
  - b. According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or other lender. Accordingly, the requirement to report on clause 3(ix)(b) of the order is not applicable to the Company.
  - c. According to the information and explanations given to us, and on the basis of examination of records of the company, the Company did not have any term loan outstanding during the year. Accordingly, the requirement to report on clause 3(ix)(c) of the order is not applicable to the Company.
  - d. According to the information and explanations given to us, and on the basis of examination of records of the company, there is no borrowings in the books. Accordingly, the requirement to report on clause 3(ix)(d) of the order is not applicable to the Company.
  - e. According to the information and explanations given to us, and on the basis of examination of records of the company, the Company does not have any subsidiaries, associates or joint ventures. Accordingly, the requirement to report under clause 3(ix)(e) and (f) of the Order are not applicable to the Company.
- x. a. According to the information and explanations given to us, and on the basis of examination of records of the company, the Company has not raised any money by way of initial public offer or further public offer (including debt instrument). Accordingly, the requirement to report under clause 3(x)(a) of the Order is not applicable to the Company.
  - b. According to the information and explanations given to us, and on the basis of examination of records of the company, the Company has not made any preferential allotment or private placement of share or convertible debentures during the year. Accordingly, the requirement to report under clause 3(x)(b) of the Order is not applicable to the Company.
- xi. a. According to the information and explanations given to us, and on the basis of examination of records of the company, no fraud by the Company or any fraud on the Company has been noticed or reported during the year. Accordingly, reporting under clause xi (a) of the order is not applicable to the Company.
  - b. According to the information and explanations given to us, and on the basis of examination of records of the company, during the year, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by [cost auditor/ secretarial auditor or by us] in Form ADT 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, reporting under clause xi (b) of the order is not applicable to the Company.

- c. According to the information and explanations given to us, and on the basis of examination of records of the company, no whistle- blower complaint has been received during the year by the Company. Accordingly, reporting under clause xi (c) of the order is not applicable to the Company.
- xii. According to the information and explanations given to us, the Company is not a Nidhi company. Therefore, clause 3(xii) of the Order is not applicable to the Company. Accordingly, reporting under clause xii(a) to (c) of the order is not applicable to the Company.
- xiii. According to the information and explanations given to us, and on the basis of examination of records of the company, transactions with the related parties are in compliance with section 177 and 188 of the Companies Act, 2013 wherever applicable and details for the same have been disclosed in the financial statements as required by the applicable Indian accounting standards.
- xiv. According to the information and explanations given to us, and on the basis of examination of records of the company, the provisions of Internal Audit are not applicable to the Company as per section 138 of the Companies Act, 2013. Accordingly, clause 3(xiv)(a) and (b) of the Order are not applicable to the company.
- xv. According to the information and explanations given to us, and on the basis of examination of records of the company, in our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or persons connected to its directors. Accordingly, the requirement to report on clause 3(xiii) of the Order is not applicable to the Company.
- xvi. a. According to the information and explanations given to us, and on the basis of examination of records of the company, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934. Accordingly, the requirement to report on clause 3(xiii) of the Order is not applicable to the Company.
  - b. According to the information and explanations given to us, and on the basis of examination of records of the company, the company has not conducted any Non-Banking Financial or Housing Finance activities during the year. Accordingly, the requirement to report under the clause 3(xvi)(b) of the Order is not applicable to the Company.
  - c. According to the information and explanations given to us, and on the basis of examination of records of the company, the company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the requirement to report under the clause 3(xvi)(c) of the Order is not applicable to the Company.
  - d. According to the information and explanations given to us, the Group does not have more than one CIC as part of the Group.
- xvii. In our opinion and according to the information and explanations provided to us, and on the basis of examination of records of the company, the Company has incurred cash losses amounting to Rs. 6.31 Lakhs during the current financial year. In the immediately preceding financial year, the Company had not incurred any cash losses.
- xviii. There has been no resignation of the statutory auditors during the year. Accordingly, provisions of clause 3(xviii) of the Order is not applicable to the Company.
- xix. As referred to in 'Material uncertainty related to Going concern' paragraph in our main audit report and as disclosed in Note 26 to the financial statements which includes the financial ratios and ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, there exists a material uncertainty that the Company may not be capable of meeting its liabilities, existing at the date of balance sheet, as and when they fall due within a period of one year from the balance sheet date.

.....contd.

We, further state that this is not an assurance as to the future viability of the Company and our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

xx. Since there are losses in the Company, the provisions related to Corporate Social Responsibility u/s 135 of the Companies Act, 2013 are not applicable to the Company. Accordingly, clause 3(xx)(a) and (b) of the Order are not applicable to the Company.

#### **ANNEXURE B**

Report on the Internal Financial controls under Clause (i) of Sub - section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **HAPPYMATE FOODS LIMITED** ('the Company") as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over the financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls with respect to financial statements issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls With respect to financial statements (the "guidance Note") and the standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable for the audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

# Meaning of Internal Financial controls with reference to financial statements

A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal; financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorization of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial controls with reference to financial statements

Because of the inherent limitations of Internal Financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with respect to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the internal control with respect to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial controls with reference to financial statements issued by the Institute of Chartered Accountants of India.

FOO

Date: May 30, 2024

Corporate Identity No. (CIN) - U15118WB2018PLC226457 Notes to Financial Statements for the year ended March 31, 2024

#### 1. Corporate Information

Happymate Foods Limited (the "Company" or "HFL") is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. The registered office of the company is located at Innovation Tower, Premises No. 16-315, Plot No. DH 6/32, Action Area – 1D, New Town, Rajarhat, Kolkata – 700 156.

The Company is engaged in the business of manufacturing of certain food products and sale of those products as a wholesale trader.

#### 2. Statement of Compliance

The company has adhered to all accounting policies in the preparation of these financial statements, ensuring compliance with the Indian Accounting Standards (Ind AS) as prescribed by the Ministry of Corporate Affairs under section 133 of the Companies Act, 2013, in conjunction with the Companies (Indian Accounting Standards) Rules, as amended, and in accordance with Schedule III of the Companies Act, 2013, where applicable. The statement of cash flows which has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows".

Effective 01st April 2023 the Company has applied the following amendments to existing standards which has been notified by the Ministry of Corporate Affairs ("MCA"):

#### i. Ind AS 1, Presentation of Financial Statements:

Effective for annual periods starting on or after 1st April 2023, Ind AS 1 has been amended to replace the requirement for entities to disclose their 'significant accounting policies' with a requirement to disclose 'material accounting policy information'. The explicit requirement to disclose measurement bases has also been removed.

#### ii. Ind AS 8, Accounting policies, Change in Accounting Estimates and Errors:

The company has adopted the amendments to Ind AS 8 for the first time in current year. The amendments replace the definition of a change in accounting estimates with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty".

#### iii. Ind AS 12, Income Taxes:

The amendment has narrowed the scope of the Initial Recognition Exemption (IRE) (with regard to leases and decommissioning obligations). Now IRE does not apply to transactions that give rise to equal and offsetting temporary differences. Accordingly, companies will need to recognise a deferred tax asset and a deferred tax liability for temporary differences arising on transactions such as initial recognition of a lease and a decommissioning provision.

The amendments listed above did not have any impact on the amounts recognized in current period.

#### 3.1 Basis of preparation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and other accounting principles generally accepted in India and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III).

The financial statements were authorised for issue by the Company's Board of Directors on May 30, 2024.

Corporate Identity No. (CIN) - U15118WB2018PLC226457 Notes to Financial Statements for the year ended March 31, 2024

The financial statements have been prepared on a historical cost basis except certain financial assets and liabilities which are measured at Fair Value as required by the relevant Indian Accounting Standards

The financial statements are presented in INR and all values are rounded to the nearest lacs (in two decimals), except when otherwise indicated.

The Company has prepared the financial statements on the basis that it will continue to operate as a going concern.

#### 3.2 Summary of material accounting policies

#### a. Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- > Expected to be realised or intended to be sold or consumed in normal operating cycle
- > Held primarily for the purpose of trading
- > Expected to be realised within twelve months after the reporting period, or
- > Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- > It is expected to be settled in normal operating cycle
- > It is held primarily for the purpose of trading
- > It is due to be settled within twelve months after the reporting period, or
- > There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

#### b. Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- > In the principal market for the asset or liability, or
- > In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

Corporate Identity No. (CIN) - U15118WB2018PLC226457 Notes to Financial Statements for the year ended March 31, 2024

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- > Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ➤ Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- > Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as Unquoted Preference Shares. Involvement of external valuers is decided upon annually by the Management. The Management decides, after discussions with the Company's external valuers, which valuation techniques and inputs to use for each case.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

#### c. Revenue Recognition

At contract inception, Company assesses the goods or services promised in a contract with a customer and identify as a performance obligation each promise to transfer to the customer. Revenue is recognised upon transfer of control of promised products or services to customers in an amount of the transaction price that is allocated to that performance obligation and that reflects the consideration which the Company expects to receive in exchange for those products or services.

The Company considers the terms of the contract and its customary business practices to determine the transaction price. The transaction price is the amount of consideration to which an entity expects to be entitled in exchange for transferring promised goods or services to a customer net of returns, excluding amounts collected on behalf of third parties (for example, taxes).

Corporate Identity No. (CIN) - U15118WB2018PLC226457 Notes to Financial Statements for the year ended March 31, 2024

With respect to sale of products revenue is recognised at a point in time when the performance obligation is satisfied and the customer obtains the control of goods or services. There is no significant financing components involved on contract with customers. Invoices are usually payable within the credit period as agreed with respective customers.

The Company recognises revenue only when it is probable that it will collect the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer.

For contracts that permit the customer to return an item, revenue is recognised to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur.

Therefore, the amount of revenue recognised is adjusted for expected returns, which are estimated based on the historical experience of sales returns, market conditions and specific contractual terms. In these circumstances, a refund liability and a right to recover returned goods asset are recognised.

The right to recover returned goods asset is measured at the former carrying amount of the inventory less any expected costs to recover goods. The refund liability is included in other current liabilities and the right to recover returned goods is included in other current assets. The Company reviews its estimate of expected returns at each reporting date and updates the amounts of the asset and liability accordingly.

#### d. Income Taxes

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current-tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax is recognised on temporary differences between the tax bases and accounting bases of assets and liabilities at the tax rates and laws that have been enacted or substantively enacted at the Balance Sheet date.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on either the same taxable entity or different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

For items recognised in OCI or equity, deferred / current tax is also recognised in OCI or equity.

Corporate Identity No. (CIN) - U15118WB2018PLC226457 Notes to Financial Statements for the year ended March 31, 2024

#### e. Property, plant and equipment and depreciation

Property, Plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labor, any other costs directly attributable to bringing the item to working condition for it intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in statement of profit and loss.

Depreciation is calculated on a Written Down Value (WDV) basis over the estimated useful lives of the assets as follows:

Particulars	Useful Economic Life
Plant & Equipment	5-15 years
Computers	3 years
Furniture & Fixtures	10 years
Office equipment	5 years

The Company depreciates the cost of Property, plant and equipment less their estimated residual values over estimated useful lives which are as per the useful life prescribed in Schedule II to the Companies Act, 2013 except Plant & Equipment which is lower than those indicated in Schedule II i.e. 5-15 years. The management believes that these useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Depreciation method, useful lives and residual values are reviewed at each financial year end and adjusted if appropriate. Based on the technical evaluation, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions (disposals) is provided on a pro-rate basis i.e. from (upto) the date on which asset is ready for use (disposed of).

#### f. Intangible assets and amortisation

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The

Corporate Identity No. (CIN) - U15118WB2018PLC226457 Notes to Financial Statements for the year ended March 31, 2024

amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gain or loss arising upon derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

Type of Asset	Useful Life estimated by the management
Computer Software	5 Years

#### g. Leases

The Company assesses whether a contract contains a lease as per the requirements of Ind AS 116 "Leases" at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

The Company recognises right-of-use assets ("ROU") and a lease liability at the lease commencement date except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of-use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of lease payments that are not paid at the commencement date, discounted using the incremental borrowing rate of the Company. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

#### h. Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

> Finished goods: cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs. Cost is determined on first in, first out basis.

Corporate Identity No. (CIN) - U15118WB2018PLC226457 Notes to Financial Statements for the year ended March 31, 2024

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

#### i. Impairment of non-financial assets

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

In respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

#### j. Provisions

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as a finance cost. Expected future operating losses are not provided for.

#### k. Employee benefits

#### Short term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

#### Post-retirement benefits

Post-retirement benefits to employee can either be through Defined Contribution Plan or Defined Benefit Plan.

#### **Defined Contribution Plan**

Retirement benefit in the form of provident fund and ESI is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme and ESI as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

#### **Defined Benefit Plan**

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund.

Corporate Identity No. (CIN) - U15118WB2018PLC226457 Notes to Financial Statements for the year ended March 31, 2024

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the statement of profit and loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

#### I. Financial instruments

#### Recognition and Initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

#### Classification and Subsequent measurement

On initial recognition, a financial asset is classified as measured at amortised cost; Fair value through other comprehensive income (FVOCI) – equity investment; or FVTPL. Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at the amortised cost if it meets both the conditions and is not designated as at FVTPL: i) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and ii) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

The subsequent measurement of gains and losses of various categories of financial instruments are as follows: (i) Financial assets at amortised cost: these assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Corporate Identity No. (CIN) - U15118WB2018PLC226457 Notes to Financial Statements for the year ended March 31, 2024

- (ii) Equity investments at FVOCI: these assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to profit or loss.
- (iii) Financial assets at FVTPL: these assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held- for- trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and Losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

#### Derecognition

Financial assets: The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred, or in which the Company neither transfers nor retains substantially all the risks and rewards of ownership and does not retain control of the financial asset. If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities: The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

#### Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

#### <u>Impairment</u>

The Company recognizes loss allowance using the expected credit losses (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

#### m. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value.

Corporate Identity No. (CIN) - U15118WB2018PLC226457 Notes to Financial Statements for the year ended March 31, 2024

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

#### n. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss attributable to equity holders of the Company (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period.

Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the Company and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

#### o. Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

#### p. Segment Reporting

The Company is engaged mainly in the business of trading of healthcare products. These, in the context of Ind AS -108 on Segment Reporting are considered to constitute one single primary segment. Further, there is no reportable secondary segment i.e. Geographical Segment.

#### q. Recognition of dividend income, interest income or expense

Dividend income is recognised in profit or loss on the date on which the Company's right to receive payment is established.

Interest income or expense is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

Corporate Identity No. (CIN) - U15118WB2018PLC226457 Notes to Financial Statements for the year ended March 31, 2024

#### r. Borrowing costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

# 3.3 Standards issued but not effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

#### Terms / Rights attached to the equity shares

The Company has only one class of equity shares having par value of Rs. 10 per share. Each holder of equity share is entitled to one vote per share. The Company declares and pays dividends in Indian Rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

Notes to financial statements for the year ended March 31, 2024

#### 20. Earning Per Share

The following reflects the income and share data used in the basic and diluted EPS computations:

Profit attributable to equity holders of the company (Rs. In lakhs)	For the year ended 31 March, 2024	For the year ended 31 March, 2023
Weighted Average number of Equity shares *(In lakhs)	(7.53)	354.31
Basic and Diluted Earnings Per Share	50.00	50.00
	(0.15)	7.09

#### 21. Share Warrants

The company had issued five share warrants at a subscription price of Rs 1,00,00,000/- each to Benett Coleman and Company Limited. The face value of the warrant being Rs. 10,00,00,000/- On excercise of warrant, the terms and conditions of share warrants in accordance with the Share Purchase cum Warrant Subscription Agreement" entitles the holder to subscribe to and be allotted the share at a price determined as per Article 2.3 of the Warrant Agreement. Further, the BCCL's shareholding in the company shall at all times constitute 26% of the share capital of the company (On a fully diluted basis).

The company has also entered into advertisement agreement with Benett Coleman and Company Limited for long term credit facility for release of advertisement to the tune of Rs. 50,00,00,000/-. The warrant exercise amount received from BCCL on subscription of shares of the company shall first be utilised for the payment of line of credit in terms of Article 4 of the Advertisement Agreement.

# 22. Significant accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

#### Judgements

In the process of applying the accounting policies, Management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

# Determining the lease term of contracts with renewal and termination options - Company as lessee

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation to the leased asset).

#### Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the company. Such changes are reflected in the assumptions when they occur.

#### Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. The mortality rate is based on publicly available mortality tables for India. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Further details about gratuity obligations are given in Note 23.

#### Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. See Note 28 and 29 for further disclosures.

# 23. Gratuity and other post-employment benefit plans

The Company has a defined employee benefit plan in the form of gratuity. Every employee, who has completed five years or more of services, is entitled to gratuity on terms not less favorable than the provisions of the payment of Gratuity Act, 1972. The Gratuity plan provides a lump sum payment to vested employees at retirement, disability or termination of employment being an amount based on the respective employee's last drawn salary and the number of years of employment with the Company. The scheme is funded with Life Insurance Corporation of India.

Corporate Identity No. (CIN) - U15118WB2018PLC226457 Innovation Tower, Premises No. 16-315, Plot No. DH 6/32 Action Area - 1D, New Town, Rajarhat, Kolkata - 700 156

#### Notes to financial statements for the year ended March 31, 2024

Discount rate: The discount rate is based on the government bond yields as at the balance sheet date for the estimated term of the obligations.

Salary escalation rate: The estimates of future salary increases considered taking into account the inflation, seniority, promotion and other relevant factors

#### Description of risk exposure:

Valuations are performed on certain basic set of pre-determined assumptions and other regulatory frame work which may vary over time. Thus, the Company is exposed to various risks in providing the above gratuity benefit which are as follows:

#### Interest rate risk:

The plan exposes the company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefits and will thus result in an increase in the value of the liability (as shown in financial statements).

#### Liquidity risk:

This is the risk that the Company is not able to meet the short-term gratuity pay outs. This may arise due to non-availability of enough cash/cash equivalent to meet the liabilities or holding illiquid assets not being sold in time.

#### Salary escalation risk:

The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

#### 24. Contigent Liabilities

In the ordinary course of business, the Company faces claims and assertions by various parties. The Company assesses such claims and assertions and monitors the legal environment on an ongoing basis with the assistance of external legal counsel, wherever necessary. The Company records a liability for any claims where a potential loss is probable and capable of being estimated and discloses such matters in its financial statements, if material. For potential losses that are considered possible, but not probable, the Company provides disclosure in the financial statements but does not record a liability.

The Company does not have any contingent liabilities which are required to be disclosed in the financial statements as on March 31, 2024 (Previous Year - NIL).

<sup>\*</sup> Working capital has been calculated as current assets minus current liabilities.

# 27. Segment reporting

The Company operates in only one business segment i.e trading of healthcare and FMCG products and its operations are also confined to one geographic segment i.e. India. Accordingly there are no seprate reportable segments under Ind AS-108-Operating Segments.

<sup>\*\*</sup>Reasons for variance of more than 25% has been explained based on the requirements of Schedule III

Corporate Identity No. (CIN) - U15118WB2018PLC226457 Innovation Tower, Premises No. 16-315, Plot No. DH 6/32 Action Area - 1D, New Town, Rajarhat, Kolkata - 700 156

Notes to financial statements for the year ended March 31, 2024

#### 28. Fair values

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments:

(Rs. In Lakhs) Carrying Value as at Fair Value as at Particulars March 31, 2024 March 31, 2023 March 31, 2024 March 31, 2023 (i) Financial Assets a) Measured at Amortized Cost -Cash and cash equivalents 17.02 17.71 17.02 17.71 - Other financial assets 500.52 500.52 500.52 500.52 Total Financial assets 517.54 518.23 517.54 518.23 (ii) Financial Liabilities a) Measured at Amortized Cost -Trade payables 1,014.02 1,013.96 1014.02 1013.96 -Other financial liabilities 0.80 0.00 0.80 Total Financial liabilities 1014.02 1014.76 1014.02 1014.76

The management assessed that cash and cash equivalents, other financial assets ,trade payables and other financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

#### 28.1. Valuation principles

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique.

#### 29. Risk Management and financial objectives:

The Company's financial liabilities comprise loans and borrowing and other payables. The main purpose of these financial liabilities is to finance the Company's operation. The Company's financial assets include trade & other receivables, cash & cash equivalents and other financial assets. The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management has the overall responsibility for establishing and governing the Company's financial risk management policies. The Company's financial risk management policies are established to identify and analyze the risks faced by the Company, to set and monitor appropriate controls.

#### 29.1. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three type of risk i.e. currency risk, interest rate risk and other price risk such as commodity price risk and equity price risk. Financial instruments affected by market risk include borrowings etc.

#### 29.2. Credit Risk

Credit risk is the risk that counterparty will not meet its obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, bank balances, loans, investments and other financial assets. At each reporting date, the Company measures loss allowance for certain class of financial assets based on historical trend, industry practices and the business environment in which the Company operates.

Customer credit risk is managed by the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored and credit quality of a customer is assessed and individual credit limits are defined in accordance with this assessment. Credit risk arising from investments, financial instruments and balances with banks is limited because the counterparties are banks and recognised financial institutions with high credit worthiness.

#### 29.3. Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.
The Company's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due. Management monitors rolling forecasts
of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates.

#### Maturities of Financial Liabilities :

The table below analyzes the Company's Financial Liabilities into relevant maturity groupings based on their contractual maturities

As at March 31, 2024 (Rs in La			(Rs in Lakhs)

(Rs. In Lakhs)

Notes to financial statements for the year ended March 31, 2024

#### 30. Capital management

Particulars

For the purpose of the Company's capital management, capital includes issued equity capital, security premium and all other equity reserves attributable to the equity holders of the Company.

The Company's objectives when managing capital is to safeguard continuity, maintain a strong credit rating and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth and maximise the shareholders value. The Company sets the amount of capital required on the basis of annual business and long-term operating plans which include capital and other strategic investments. The funding requirements are met through a mixture of equity, internal fund generation and borrowed funds. The Company's policy is to use short term and long term borrowings to meet anticipated funding requirements. The Company monitors capital on the basis of the net debt to equity ratio. Net debts are long term and short term debts as reduced by cash and cash equivalents (including restricted cash and cash equivalents). Equity comprises share capital and free reserves (total reserves excluding OCI).

The following table summarizes the capital of the Company:

r articulars	March 31, 2024	March 31, 2023
Borrowings includes Accrued Interest	_	
Less. Cash & cash equivalents	17.02	17.71
